PROFESSIONAL SUMMARY

Passionate Software Engineer with strong expertise in full-stack web development using Next.js and cross-platform mobile apps with Flutter. Proficient in TypeScript, Tailwind CSS, and Python. Experienced in translating designs into responsive, user-centric applications. Currently pursuing B.Sc. in Computer Science at Dhaka International University while building production-ready applications.

TECHNICAL SKILLS

Frontend Development: Next.js, React, TypeScript, Tailwind CSS, HTML, CSS, JavaScript

Mobile Development: Flutter, Dart, Cross-Platform Development

Programming Languages: JavaScript, TypeScript, Python, C++, Dart

Tools & Platforms: VS Code, Android Studio, Git, Figma, Canva

FEATURED PROJECTS

Fabrilife E-Commerce Platform | fabrilifeclone.vercel.app

Next.js, TypeScript, Tailwind CSS

- Built a fully functional multi-category e-commerce platform with advanced product filtering and search capabilities
- Implemented secure user authentication system with login and registration flows
- Integrated shopping cart, wishlist functionality, and order tracking system
- Designed responsive UI/UX ensuring seamless shopping experience across all devices

Royal Hotel Booking Platform | royal-hotel-booking.vercel.app

Next.js, TypeScript, Tailwind CSS

- Developed luxury hotel booking website with elegant design and smooth user interactions
- Implemented video background integration for immersive hero section experience
- Designed comprehensive room showcase sections with detailed information
- Created responsive navigation and optimized booking flow for all platforms

Modern Finance Website Theme | modern-finance-theme.vercel.app

Next.js, TypeScript, Tailwind CSS

- Created professional financial consulting theme for wealth managers and investment firms
- Designed comprehensive sections with company overview, statistics, and team profiles
- Integrated premium stock images with polished layouts
- Implemented feature-rich components showcasing assets under management

Turf Booking Mobile Application | github.com/rafsanul247/turf-booking

Flutter, Dart

- Developing comprehensive turf booking app enabling users to search and book sports grounds
- Implementing date/time selection, location mapping, and real-time availability tracking
- Demonstrating cross-platform development expertise for iOS and Android using Flutter

Coffee Shop Explore Social App | github.com/rafsanul247/coffee-explore

Flutter, Dart

- Building social networking app focused on discovering and sharing coffee shop experiences
- Implementing location-based discovery, user reviews, and photo sharing features
- Showcasing mobile app architecture and state management best practices in Flutter

Learn Flutter Application | github.com/rafsanul247/learn-flutter

Flutter, Dart

- Created educational Flutter application for learning and practicing mobile development concepts

- Implemented various Flutter widgets, navigation patterns, and state management techniques
- Serving as hands-on learning resource demonstrating Flutter best practices

EDUCATION

Bachelor of Science in Computer Science & Engineering | 2023 - 2027

Dhaka International University, Dhaka

Higher Secondary Certificate (HSC) | 2022-2023

Govt. Bangla College, Dhaka | Science Group | GPA: 4.92 / 5.00 | Dhaka Board

Secondary School Certificate (SSC) | 2020-2021

Rudra Boira High School | Science Group | GPA: 5.00 / 5.00 | Mymensingh Board

CORE COMPETENCIES

- Full-Stack Web Development with modern frameworks and libraries
- Cross-platform Mobile Application Development using Flutter
- Responsive Design and User Experience Optimization
- Code Architecture and Best Practices
- Version Control and Git Workflow
- UI/UX Design using Figma and design tools
